Okay. here we go  
Focus. speed. I am speed  
One winner.  
Forty two losers  
I eat losers for breakfast  
Did I used to say that?  
Yes sir... you did  
Yeah sure. You say  
that all the time  
Mater! what are you doing in here!  
Well, I didn't want  
you to be lonely  
Well, thank you but  
I'm kind of preparing for a race  
I need a little quiet  
Alright. You got it buddy  
Hey every buddy, listen up.  
My best friend Lightning McQueen  
need quiet. Perfect quiet.  
Okay, where was I  
Racing. Real racing  
Huh!! That ain't racing.  
That wasn't even a sundae drive  
That was one lap  
racing is 500 of those  
Everybody fighting to  
move up lap after lap  
Inside outside inches  
apart never touching  
Now that's racing  
Well, I can't argue  
with "The" Doc Hudson  
How true. How true  
Hey Lightning. Are you ready? Oh yeah  
Lightning is ready  
This one is for you Doc  
CARS 3  
Come on Stickers  
That is Bret coming through  
go McQueen  
Lightning McQueen.  
Hey Cal, your blinkers are on.  
What? No, it's. Hey

Your blinkers are on  
Good comeback Cal  
And into the pit goes Lightning McQueen  
Bobby Swift and Cal Weathers  
These three are fun to  
watch. Aren't they Darrell?  
You know Bob I can't tell they  
have more fun on or off the track  
You're getting the car wash too Cal...!!  
No you're getting a car wash McQueen  
Get them now  
Lightning, how do you keep your  
focus racing against Bobby and Cal  
I mean i  
think the key is we respect each other  
These guys are real class act  
Congratulations cupcake  
Oh, they're gonna pay.  
Go go dinoco!!  
Great win today Cal.  
Thank you Shannon  
it was great move towards our.. Hey hey!!  
Guido!!  
Pitstop...  
Ha ha knock it off!  
Real funny...  
Speed 196m/h. Your speed  
Come on. Keep it going buddy  
Are my sponsors happy today  
Stop wining for crying out loud  
we're running out of bumper cream to sell  
Lightning McQueen!!  
Hey, Big Tex..  
How's my favorite competitor?  
Just say the word, i'll put Call off the  
dinoco team and replace him with you  
You know I can hear you right?  
i'm right here  
Bye Cal, see you next week  
We're not  
Oh come on now, I am joking  
Roll it buddy  
And meet buddy too  
Another great finish in the making.

McQueen and swift nose-to-nose  
How's the view back there Bobby  
Well, you would better not bleep  
Or, i'll blow right past you  
The flap is out it's the final  
stretch McQueen in the lead  
Okay lets see what you got  
Oh, it's Jackson Storm for the win  
A huge upset. Even Lightning  
or Bobby never saw him coming  
It's one thing to start fast  
But we haven't seen anyone cross  
the line with that kind of speed and power  
Since young Lightning McQueen first  
arrived on the scene  
Hey Bobby, who is that? That's...  
Jackson Storm  
yeah he's one of the rookies  
Thank you, I appreciate it.  
Thank you very much. Thank you  
Hey, Jackson Storm right .great race today.  
Wow, thank you Mr. McQueen  
You have no idea what a pleasure  
it is for me to finally beat you  
Oh! thanks...  
Wait hang on..Did you say meet or beat.  
I think you heard me  
What... McQueen over here .Storm,  
can we get some pictures?  
Yeah yeah, come on. Let's get a picture  
You know what. You can  
get a ton of pictures  
Because the champ here has been a  
role model of mine for years now  
And I mean a lot of years  
Right, I love this guy.  
I think I touched a nerve  
Welcome back to Chicks Picks  
and Chick Hicks  
I'm your host former and forever  
Piston Cup champion Chick Hicks  
This just in  
Rookie Jackson Storm slaps the  
proverbial door on Lightning McQueen

Oh, I couldn't have enjoyed it  
more if i'd beaten McQueen myself  
Oh, wait. I have  
Now enough about me. Here  
to tell you how it happened  
Is professional number  
cruncher miss Natalie Certain  
It is pleasure to be here Chick and actually  
i prefer the term statistical analyst  
Right, so who is this mysterious newcomer  
Jackson Storm and why is he so darn fast  
It's no mystery if you  
study the data Mr. Hicks.  
Jackson's Storm is part of the  
next generation of high-tech racers  
Unlike the veterans of yesterday  
Oh what, old-timers like this guy  
ha ha...  
Um..right  
Storm achieves his top speeds  
by exploiting the numbers  
I refer of course

**to racing data:**

Weight distribution, aerodynamics  
and nextgen's like Storm  
are taking advantage  
the racing world is changing  
and for the better if it means my old  
pal Lightning is down for the count  
am I right certain  
well, if i'm certain  
of anything Chick  
it's that this season  
is about to get even more interesting  
i'll tell you what Darrell  
Jackson Storm has  
certainly made an impact  
we've got six more  
next generation rookies in the field  
with six veterans fired to clear  
the way  
good mornin champ.  
How's our living legend today

still very much alive, thank you.  
Now, I would appreciate if  
I can't believe I get to race the Lightning  
McQueen in his farewell season  
what are you talking about  
what..the green flag...  
Good luck out there champ  
you are gonna need it  
one reason Storm and the  
next gens are more efficient  
their ability to hold the optimum  
racing line every single lap  
win number 3  
for the rookie sansation  
Storms in a class of  
his own and a big reason for that  
training on the newest  
cutting-edge simulators  
these Mackhines create a virtual  
racing experience so real  
racers  
never even have to go outside  
Storms ability to hold that line  
is like nothing we've ever seen  
four in a row..Are you kidding me  
two percent lower drag  
coefficient  
oh! what a finish!!  
5% increase in downforce  
lucky number seven  
1.2 % higher top speed.  
Piston Cup winner Chick Hicks here with  
the racer taking the circuit by Storm  
Jackson Storm. Another easy win over old  
katchow  
or should I say the kaboos because  
he's always in the back. Am I right?  
No, no, no, Chick  
McQueen is a crafty veteran champ  
he's the elder statesman  
of the sport you know  
takes everything i  
got to beat him  
oh, you gotta be kidding me

what changes are you gonna make  
to get McQueen back on top  
will McQueen try new training method?  
Is he prepare to retire?  
guys let's not overreact..  
It's just a slump..  
we'll get him next week  
okay that's enough  
no comment  
not even about  
Cal Weathers retiring!!  
Wait..what!!  
Cal Weathers!!  
He's hanging up his lightyears  
no, no comment on that either  
hey, Cal  
hey....retirement!!  
what's going on!!  
You know, I asked my uncle once how i'd  
know when it was time to stop  
you know what he said  
the youngsters will tell you  
we had some good times together  
i'm gonna miss that the most I think  
yeah  
more changes ahead Chick  
every week we've seen veteran racers either  
retire like cow Weathers tonight  
or fired to make room for these younger  
faster racers and it's not over yet  
hello racing fan  
welcome to the Los Angeles 500  
final race of the  
Piston Cup season.  
I can do this  
I raced for you guys  
almost 10 years  
Sorry Brick  
my mind's made up  
i'm giving your  
number to someone new  
hey! I had two win last year  
old sport's changing..  
Hey Bobby

do you know what's happening with Brick...  
You.. wait! You're not Bobby  
my name is Danny bro  
hey champ, where would all your friends go  
a final check of his tires as Storm  
settles into the pole position  
let's see in this season's  
one of the great race  
that's it buddy  
40 laps to go and race leader Jackson Storm  
is making his way on the pit road  
with McQueen on his tail  
a good stop  
here could mean the difference between  
victory and defeat  
come on, come on, come on,  
faster Guido. Come on!  
I gotta go back out there  
before he does  
Guido... hurry up  
what a pitstop by McQueen  
man, he just got the lead  
can he hold on it  
hey McQueen, you alright?  
Listen, don't you worry pal.  
You had a good run  
enjoy your retirement  
Storm takes back the lead  
unbelievable! McQueen is fading  
McQueen is fading  
fading fast.  
No...no...no...no!  
No!  
Welcome back to Piston Cup talks  
around-the-clock where we  
do nothing but talk racing  
let's get to it  
starting of course  
with Lightning McQueen  
the season start  
just two weeks away  
there's still no  
official announcement  
but with number

95 coming off his worst year on record  
don't shoot the messenger here folks  
I think it's safe to assume that Lightning  
McQueen's racing days are over  
meanwhile Jackson Storm is looking  
even faster than.  
The number six  
and the number 12 cars  
are still fighting it out to the lead  
but wait, here he comes  
it's the fabulous Hudson  
hornet knocking at their door  
what's he got up his sleeve  
today  
and there it is with one incredible move  
he has passed them  
the hornet takes this decisive lead  
he's left the pack behind  
his crew chief Smokey is loving it..  
It's unbelievable  
oh no, this is trouble  
the Hudson Hornet has  
lost control  
the Hudson Hornet has  
lost control  
what should have been a scene of jubilation  
has turned tragic here today folks  
we await news on the  
Hudson Hornets condition  
after such a devastating crash  
we can only hope that this race today  
wasn't his last  
when I finally got put  
together and went back  
expecting a big welcome,  
you know what they said?  
You are history, moved right on to  
the next rookie standing in line  
there was a lot left in me.  
I never got a chance to show  
crash! the Hudson Hornet  
is out for the season  
hey, Stickers  
hey, Sal

how are you feeling?  
Yeah great  
really really great  
you have been thinking about Doc again?  
Yeah  
you know they told him  
when he was done.  
He didn't decide.  
I don't want what happened to Doc  
to happen to me  
but that hasn't happened  
no, but I can't go out on the track  
and do the same old thing. It won't work  
then change it up. Try something new.  
I don't know Sally  
don't fear failure  
be afraid of not having the chance  
you have the chance. Doc didn't  
and you can either take it or you  
can do what you've been doing  
sitting in here for month  
and by the way I love what  
you've done with the place  
I mean the monster movie Lightning  
and the musky air freshener  
and don't let anyone tell you  
you're not working that primer  
because wow, I have never found  
you more attractive  
and now that i've been in here  
for a couple of minutes the stench  
i'm getting kind of used to it  
okay Sal, I get it. I get it.  
I Miss you Lightning. We all do  
try something new, huh  
heyy, did it work Miss Sally  
did you set him straight with your  
lawyerly powers of persuasion  
is he ready to start training?  
Well, stinky Stickers  
yes mater, I am.  
I decide when i'm done.  
I was hoping you'd say that  
okay, but I got an idea

and i'm gonna need to talk  
to Rusty and Dusty, all right  
oh, i'll get them on the horn  
yeah get them on the horn  
oops, oh no, got a sneeze  
dadgum, I lost it  
hey, I will see you through.  
I found it...  
Hey, watch your steps  
with a circular driveway  
you boys need  
to get your rusty tails down here  
I created a drink in your honor  
yeah, the Rusteze  
medicated bumper balm  
it goes down faster than  
el mater following a bag off.  
Rusty and Dusty, hey guys  
hey there he is, good to see you Lightning  
thanks guys  
wow, you are all here  
sorry buddy, did you  
want this Call to be private?  
No mater. This is perfect  
listen, thanks everyone for...  
For sticking by me  
it took me a while to figure it out, but  
I know now it's time for  
me to make some changes  
changes! what kind of changes  
which feel to do is his change man  
you're right Fillmore - really  
which is why I have an  
announcement to make  
i've thought long and hard about it  
done a lot of soul-searching and  
considered all of the options  
and I finally decided  
you do want to keep racing  
are you kidding! Of course  
i want to keep racing  
man for a second..., wait a minute...  
I knew that the whole time  
guys, i'm talking about making this my

best season yet  
we were hoping you'd say that  
the thing is if i'm gonna  
be faster than Storm  
I need to train like him  
we hear you buddy  
Lightning, we want  
you on the road  
first thing in the morning  
so you can come out and see the  
brand new Rusteze racing center  
wait, what! Rusteze racing center  
yeah, it's got all the fancy bells and  
whistles that the kids are  
training on these days  
we'll send Mackie boy  
all the directions  
now get moving, all right  
okay  
yes  
you too come, we offer two  
back of the tire  
hey, McQueen we can race in primer man  
come on, let's go  
Ramone, you have done it again  
it's like the sistine chapel on wheels  
I am coming for you Storm

Rusteze racing center

Have you seen the  
latest record Storm's been setting?  
Have you given any thought to retirement?  
That is enough, no  
questions, excuse me  
back off! Back off!  
No, no, no, thank you. Bye bye  
Guido, can you believe them!  
Paparazzi..phew  
Looks good, doesn't it?  
Hey guys  
what do you think  
what do I think  
it's unbelievable  
yeah, you know it's kind  
of a cozy humble little place  
guys how did you ever do this?  
You want to tell him or  
should I tell him,  
you start .go ahead. Go ahead.  
We sold Rusteze  
what?  
What, do you think a couple of jabronis  
like us could do this on our own?  
You sold Rusteze  
its all good news  
we just realized that you needed  
something that we couldn't give you  
if I'm right the time  
was right for us too  
I mean we are not as young  
and handsome as we look  
oh, that's true. Besides  
this Sterling fellow  
he's got every high-tech  
thing you'll ever need  
everything we wanted to  
give you but couldn't  
whoa, whoa, Sterling! Who is Sterling?

Lightning McQueen  
you made some serious  
time partner  
your new sponsor  
he's the  
mud flap king of the eastern seaboard  
welcome to the Rusteze racing center  
you have no idea how much i've  
been looking forward to this  
thanks Mr...  
Please, no Mr. just Sterling  
I have been a fan of yours  
forever and to be your sponsor  
how great is that  
I can't thank Rusty and Dusty here enough  
tough negotiators by the way  
oh-ho, you flatter us. But don't stop  
anyway, I just wanted to say a quick hello  
take as much time as you need  
doors are always open guys  
see!  
Well, I sure am gonna  
miss racing for you guys  
you know, you gave us a lot  
of great memories Lightning  
memories we'll remember  
wow that's good  
hey Lightning,  
whatever you do. Don't drive  
like my brother  
don't drive like my brother  
so, you like it.  
Oh, hey Mr. Sterling  
my career on a wall.  
Nice of you included Doc  
well, of course. He  
was your mentor  
losing him left a giant  
hole in the sport  
yeah  
jars of dirt..  
"Sacred" dirt  
each of those jars contains dirt from  
all the old tracks the Doc raced on

Florida International  
Thunder Hollow  
just down the road and our very  
own Fireball Beach right outside  
hey, is that...  
Bit of asphalt from Glen Allen  
my first win  
you really are a fan  
I am and a fan of your future  
you ready for it  
definitely  
first let's get you into  
a more contemporary look.  
Wow  
it's electronic suit  
with it we'll be able to track your  
speed and your vital signs  
does it have a phone.  
Don't be crazy  
race cars don't have bugs.  
Wow... not bad ha  
this is really impressive  
this center has quickly become the most  
coveted destination for young racers  
training to make  
our team someday  
and it's where you'll train  
until you leave for Florida  
treadmills, wind tunnels, virtual reality  
still working on that  
and the best fitness regiment  
anyone could possibly imagine  
wait! wait!  
Is that a simulator  
oh yes.  
Lightning McQueen i'd  
like to introduce you  
to the multi-million  
dollar flagship  
of interactive race simulation  
the XDL 24 GTS Mark C  
the XDL!  
Jackson Storm wishes he had this model  
it is just like been on a

real track to put your hours in  
okay, let's hit the track most  
come on, show me what you got.  
Wow fast!  
Who is the racer  
no, no, no, no. She's not a racer  
she's a trainer. Cruz Ramirez  
the best trainer in the business  
ready to meet it, greet it and defeat it  
alright, now bring up those rpms  
I like the attitude..  
yeah..we call her a maestro  
of motivation  
you're driving a little  
tense again Ronald  
no, no, I'm cool. i'm cool  
do your exercise  
I am a fluffy cloud .I am a  
fluffy cloud. I am a fluffy...  
Here you go  
you're a cloud  
shut up Kurt  
here come the bugs  
Kurt you ready?  
hey, I kept my eyes  
open this time  
gotta see that track. Oh, no.  
Homesick again people  
win for them.  
Wow, she trains young racers to  
push through their own obstacles  
tailor-made for each one  
now, she's gonna work with you  
let's go let's go  
you guys gotta work through this stuff  
so when your big chance  
comes along you could take  
hey, Cruz. Oh, hey Mr. Sterling  
i'd like to introduce you  
to Lightning McQueen  
I hear you're the maestro  
Mr. Sterling, did you say  
Lightning McQueen was here?  
Because I don't see him anywhere

uh, but he's right here  
do you not see him  
nope still don't see him  
it's right in front of you  
it is Lightning McQueen  
he is obviously an imposter  
he looks old and broken-down.  
Hey  
with flabby tires  
I do not  
use that! Woah  
oh yeah, I see I can use that  
energy from motivation right  
it's all about motivation Mr.  
McQueen  
you can use anything negative as  
fuel to push through to the positive  
ah, pretty  
positive ever since I was a rookie.  
I am so excited that I get to train you  
I grew up watching you on tv  
ha, is that right  
these young guys  
are great and all  
but I like a challenge  
ha ha, not that much over.  
In fact, I Call you  
my senior project  
we need to loosen  
those ancient joints  
first, the wheels and forward  
and rest and forward and rest.  
Join me. Rest  
and rest  
is all these resting necessary  
we will work in you slowly  
and reach for your ledge  
reach for your ledge  
now, wheels  
to the fry  
what is there, its your lines  
now backwards  
what is there  
when do we go in the simulator

good morning Mr. McQueen  
looking good  
why  
this will get oil to places  
it hasn't been in a long time  
is that a drip pan  
just in case  
how old you think I am?  
Visualize yourself driving  
fast down a steep hill  
i'll be back in the field  
visualize....! wait! Wait! Cruz  
I feel what  
I just like go on the simulator  
how's it hanging  
drip pan!  
Okay, day three. Treadmill  
i've set maximum  
speed to conserve your energy  
what I want you to do, is  
visualize beating this guy  
Storm! uh-huh that's right  
get him .get him Mr. McQueen.  
Get him  
this is only going like five  
miles an hour  
we'll work up to the higher speed  
right after you take your nap  
nap!  
Do I need a nap!  
I am not taking a nap  
how was your nap Mr. McQueen?  
It was kind of  
refreshing actually  
oh... okay what do you ...Hey  
you have been driving  
on tires a long time  
and you never stopped to get to know them  
i'm sorry, what?  
Tires are individuals  
you should give each a name  
name!  
I will not be doing that  
mine are named. Maria, Quarita, Ronaldo

and Debbie Richardson  
what?  
Long story  
may I have my tires back so i  
can go on the simulator please  
name them!  
Lefty, righty, backy  
, backy junior. Okay  
does this make you mad?  
Yes it does  
use that!  
Emerge and kneel  
emerge and kneel  
now, you got some tire damage.  
Thank you Cruz. i'm done  
Mr. McQueen, where are you going  
to the future!  
Okay, here we go. Here we go. How  
do I do this? Come on baby  
Mr. McQueen  
Cruz, thank you for the old  
man training as crazy as it was  
but i'm warmed up enough and now I need you  
to launch this thing  
Mr. McQueen wait until you can handle  
it please  
there are no shortcuts  
okay, we'll just see about that  
all right, my star racer  
is on the simulator  
why! yes I am.  
Well, let's see you  
take it out for a spin  
right away Mr. Sterling  
owner of the company  
okay, have fun  
this is what i'm talking about  
whoa! didn't know about those  
wait, what you didn't say...  
Is it talking?  
The flag is out  
but I don't see the  
flag... what do I do  
go! go! Go!

Oh..., that is sensitive  
you have hit the wall  
it shouldn't be this hard, should it?  
You have hit the wall  
you are fighting the simulator  
just race like you always do  
you have hit the wall  
there can't be this many walls  
in a regular track  
you have been passed by Jackson Storm  
wait, Storm is in here  
the motivation  
Storm races at 2:07  
pick it up Mr. McQueen!  
I am trying  
you have hit the wall  
Mr. McQueen come down from there  
we will work you up to this  
I am fine Cruz. I can do it, okay  
you have jumped a barrier  
you have made two vehicles...  
You have disabled an ambulance  
you are on fire  
danger! danger! You  
are going wrong way  
look out! Turn it off! Turn it off!  
Get these things off of me  
you have crashed! You have crashed!  
Are you alright?  
You have crashed  
I have crashed  
you are all washed up McQueen  
i'm sorry, what!  
I said floors all  
washed up and clean  
oh, right.  
Thank you very much  
good luck  
hey, Lightning. Come on in. I got  
something to show you  
you ready  
for what?  
You are about to become the  
biggest brand in racing

we are talking about saturation on  
all continents for every demographic  
movie deals, in commercials  
, product endorsements  
mud flaps  
of course, you will  
be rich beyond belief  
do you think you're famous now?  
I thought you'd be mad about the simulator  
I mean this is all great Mr.  
Sterling I guess but.  
I don't know .i never really  
thought of myself as a brand  
oh, no. Do I? i'm a fan maybe  
your most avid  
I think of this as your legacy  
it sounds like something that  
happens after you're done racing  
Mr. Sterling. What is this about?  
Look Lightning!  
i'm not gonna race you...  
What!...what do you mean not racing  
hold on! Hold on!  
i'm not going to Florida.  
Lightning!  
You have no idea how  
excited I was to get you here  
because I knew I knew you'd be  
back  
this gonna be the comeback  
story of the year but  
your speed and performance  
just aren't where they need to be  
i'm sorry  
we're talking about speed on a simulator.  
Listen how crazy that sounds  
look, i'm trying to help you  
as your sponsor yes but also  
as your friend  
your racing days are coming  
to an end  
everytime you lose, you damage  
yourself  
damage the brand you mean.

Oh, lightening. Come on  
you've done the work now  
move on to the next phase  
and reap the reward  
the racing is the  
reward not the stuff.  
I don't want to cash in. I want to feel  
the rush of moving 200 miles an hour  
inches from the other guys  
pushing myself faster  
than I thought I could go  
that's the reward Mr. Sterling.  
Oh, lightening. Come on.  
Look, I can do this. I can, I promise.  
i'll train like I did with Doc  
i'll get my tires dirty on every  
turn track from here in the Florida  
I can start right there on fireball  
beach where all the old greats used to race  
get your tires dirty  
that's how you're gonna  
get faster than Storm  
yes! exactly!  
I mean sacred dirt, right  
Mr. sterlin if you care about  
my legacy, the one that Doc started  
you'll let me do this. I  
promise you I will win.  
I don't know  
what you're asking it's to risky  
come on, you like it .i can tell  
it's got that little comeback story  
of the year feel to it, doesn't it?  
One race  
if you don't win at  
Florida, you'll retire  
look... if I don't win also  
i will hold the mud flaps you got  
but if I do win, I decide  
when i'm done  
deal  
deal.  
Thank you Mr. Sterling.  
You won't be sorry

just one thing and this is only because  
i don't like taking chances  
you're taking someone with you  
you talked him into it  
way to go Mr. McQueen  
Cruz! you could talk a snowmobile  
into an air conditioner  
you're going with me  
with that thing  
yeah, you still need my help  
you're brittle like a fossil.  
I don't need a trainer out here Cruz  
you're old  
what if you have fallen on  
this beach and can't get up  
well, life's a beach and  
then you drive  
ha ha McQueen..  
Thank you  
this is beautiful  
I can see why Mr. Sterling said you  
wanted to train out here  
as soon as this thing's  
booted up, we'll get  
you on the treadmill and  
i'll track your speed  
what! no! The whole idea  
is getting my tires dirty.  
Real racing not driving on that  
thing when i've got the sand  
and the whole earth  
oh, okay. Luigi, let's do this  
welcome a racer  
to fireball beach  
historiCal for  
today's great test of speed  
our finish line will be the  
abandoned appear in the distance  
all right, quicker than quick  
faster than fast, I am speed  
that is great self-motivation  
did you come up with  
that? Yeah I did  
on your mark, get set! Go!

Here you go, felt good  
hey, what was my speed  
i don't know  
I can only track you on the treadmill  
no treadmills.  
Oh, what about Hamilton  
Hamilton here  
who's Hamilton  
my electronic personal  
assistant you know like on your phone  
you do have a phone, don't you?  
Race cars don't have phones  
Cruz  
Hamilton! track Mr. McQueen's speed  
and report it  
tracking  
i'll stay as close as I can  
your suit will transmit  
your speeds to Hamilton  
fine whatever  
quicker than quick, faster than fast  
i am speed, come on Luigi. On your mark  
get set and go  
46 mile per hour  
53 miles.. Out of range  
out of range. Out of range  
it's odd...  
I did not go  
on sands you gotta ease into your  
start or your tires can grab okay okay  
you do work with race cars don't you  
yeah but never outside  
all right let's go again go  
54 miles per hour here you go  
75 miles per hour  
out of range. Out of range  
out of range  
sorry  
got stuck  
go again  
and go  
sorry  
go.  
Go.

The beach ate me  
all right Cruz, pick a  
line on the compacted sand  
you gotta have traction  
or you're gonna spin out  
let's do this thing  
on your mark  
you try to go  
134 miles  
out of range. Out of range  
out of range  
now, what!  
I didn't wanna hit a crab  
you gotta be kidding me  
what! It was cute  
allright, one last chance  
we will try this before get started  
now, your are gonna pick on  
slow to let your tires grab  
yes! and pick a straight line  
on hard sands so you don't spin out  
and all the crabbies have gone night-night  
Mr. McQueen  
all right, let's go again  
150 miles per hour  
175 miles per hour  
196 miles per hour  
right, finally you made it  
congratulations!, how did I do?  
You topped out at 198  
198 that's it!  
still slower than Storm.  
I wasted my whole day  
i wouldn't say that  
it did feel great to  
be out here doing real racing  
this ain't real racing  
we are on a beach  
all you do is go straight. How am  
i gonna get faster if I don't.  
Thunder hollow.  
Thunder hollow  
there is a dirt track there

speed from the infield.  
Whipple filter

**rule number two:**

car standing wins  
and rule number three: No cursing  
it's family night

and make way for the  
undefeated crazy 8 champion  
the diva of  
demolition, Miss Fritter  
look here boys  
we got us a couple of rookies  
I wanna call you muddy brichards

all right, every body  
let's go racing.  
I am about to commit a moving violation  
Cruz  
what are you doing?  
You gotta keep moving  
I shouldn't be out here  
move Cruz! Move!  
What do I do?I can't steer  
turn right to go left  
turn right to go left  
that doesn't make any sense  
turn right to go left  
hey patty..  
Oh, hi bear!  
Look mom, I can drive  
oh, man  
Nice day for a drive, eh?  
hey, buddy get out of my way

it's Fritter time  
Fritter! Fritter! Fritter!  
Fritter!  
We love you Miss Fritter!  
Cruz  
Miss Fritter is down

you will get down Whipple Filter  
come on, McQueen

bell bell county unified school desperate  
ladies and gentlemen we have a winner  
Francis Beltline  
is that me, that's me  
I won I won  
Cruz! Cruz!  
No no no no watch out...  
Whipple filter  
it's Lightning McQueen  
got my tires dirty at  
thunder hollow  
the fans here in thunder hollow  
still buzzing over  
tonight's unexpected  
appearance of Lightning McQueen  
he has always been my favorite  
my garage is covered from head  
to toe with 95 posters  
so.  
Trophies are kind of nice  
don't you think.  
I mean I know you got like a  
billion of them so you would know.  
I still can't believe I won  
it's pretty shiny, I have  
never seen one up close

looks like they spent a lot of money on it  
i mean I think it's real nut up  
stop! just stop! Okay, Cruz  
you don't even know  
you don't even have one clue.  
Hey! I was just trying to...  
Do you know  
what happens if I lose this race  
every mile of this trip was to get  
me faster than Jackson Storm  
faster.  
I start off getting  
nowhere for a week on a simulator  
I lose a whole day with  
you on fireball beach  
and then I waste tonight and then  
a crosshairs for Miss Fritter  
i'm stuck in the same speed i  
was a month ago  
I can't get any faster because i'm too  
busy taking care of my trainer  
this is my last chance Cruz  
last final finito. If i  
lose, I never get to do this again  
if you were a racer you'd  
know what i'm talking about but you're not  
so you don't.  
Mack! pull over!  
Now! now!  
Okay okay pulling over  
pulling over  
ask me if I dreamed of being a trainer  
Mr. McQueen go ahead  
ask me if I got up in the dark to  
run laps before school every day  
ask me if I saved every penny to buy a  
ticket to the races when they came to town  
ask me if I did that so  
that I could be a trainer someday ask me  
No!  
I wanted to become a racer forever  
because of you.  
I used to watch you on TV  
flying in the air

you seemed so  
fearless  
dream small Cruz  
that's what my  
family used to say  
dream small or not at all  
they were just trying to protect me  
but I was the fastest kid in town and i  
was gonna prove them wrong  
what happened  
when I got to my first race.  
I figured it out what  
what  
that I didn't belong  
the other racers  
look nothing like me  
they were bigger  
and stronger and so confident  
and when they started their engines  
that was it.  
I knew i'd never be a racer.  
I just left  
it was my one shot  
and I didn't take it  
yeah so uh  
i'm gonna head back to  
the training center  
I think we both know  
it's for the best  
but can I ask you something  
what was it like for you  
when you showed up to your first race  
how did you know you could do it.  
I don't know, I just never  
thought I couldn't  
it was shiny with that felt like  
good luck Mr. McQueen  
Cruz  
Cruz, wait.  
Champion for the ages  
, Chick Hicks here  
coming to you live from  
Chick Hicks studios  
where i'm joined once again by

next-gen racing expert, Natalie Certain  
thanks Chick, Piston Cup  
champion Jackson Storm  
set a new record today when he pulled  
off the fastest lap ever recorded  
an unprecedented 213  
miles an hour  
so what do you think Certain  
Stormy boy gonna start the  
season with another win  
highly likely Chick  
based on his recent run times and  
forecasted track temperatures on race day  
Storms chances of winning are  
95.2 %  
that low huh  
oh and in case you Missed it  
talk of the track tonight is  
Lightning McQueen finding  
yet another way to  
embarrass himself  
at a demolition derby whoa  
wow  
almost makes me feel sorry  
for the guy not really  
here's what his new sponsor had to say  
everyone relax, the 95 is gonna race  
Lightnings just  
taking a somewhat  
unconventional approach  
to this race  
it's one of the things his fans love  
about him  
huh yeah right  
talk about humiliating  
ahow, I won't even bother to  
show up in Florida  
that could be for the best Chick  
even if he does race. McQueen's  
probability of winning is 1.2 percent.  
Wow  
numbers never lie.  
i'm willing to predict tonight  
that Lightning McQueen's

racing career will be over within the week  
it might even be over now  
I mean I knew his career  
was stuck in the...  
First you find a clamp from a rusty vamp  
bump bump  
quicker than a dart  
make it in the park bump bump  
that's the way it's done  
it ain't 'bout the fun bump bump  
lifting my funk making  
sculptures out of junk  
what's it  
there we go, somebody's  
interrupting genius  
well, hey there buddy  
mater!  
You know I was just thinking of  
you and here you are looking right at me  
you see me okay  
wait a second, let me see here.  
Is that better?  
Looking you straight in the eye there pal  
hey sorry about calling so late  
not for me it's not  
i'm always burning  
that midnight oil  
so get me caught  
up on everything  
well, actually I am kind hope  
i might hear what's going on back home  
well, not much but if you don't count  
Sergeant Fillmore trying to run the tire  
shop but tell Luigi not to worry  
Sergeant's gonna track down every  
last tired it fell more done gived away  
other than that everything's good  
how is Sally  
oh she's fine, keepin busy at the cone.  
She misses you  
well shoot,  
we all do when you're on the road..  
Yeah  
you know, i've been kind of

thinking about that you know what  
what we should do when i'm  
not on the road anymore  
what do you mean not on the road  
you know  
mater I can't do this forever  
i'm just not getting  
anywhere with the training  
if anything i've gotten  
slower not faster  
shit buddy it'll work out  
just tell me what your problem is  
and i'll stay right her  
with you till we fix it  
that's just it mater...  
I don't know,  
I feel like i'm all out of ideas  
all right, let me think  
oh, you know what I'd do?  
What?  
I don't know I got nothing  
I guess I ain't Doc when it comes to that.  
I would give anything to talk  
to him right now  
yeap there was nobody smarter  
than old Doc  
well except for maybe  
whoever taught him  
wait, what?  
I mean everybody was  
taught by somebody right  
take my cousin Dort  
he taught me  
how to sing and whistled at the same time  
he was very musical that way  
Smokey  
Mater! you're brilliant!  
uh well..It's all about shape of  
your teeth  
I gotta go to Thomasville.  
Oh well good you know me buddy  
i'm always happy to help  
think i'm better dad to  
most folks, you know talk

hey Cruz  
you won't talk me out of this Mr. McQueen  
i'm going back  
I resign as your trainer  
all right  
i accept your resignation, bye  
uh okay  
but since you cleared your Calendar  
why don't you come with us  
i'm looking for someone named Smokey  
hoping he can help me  
maybe he can help you too  
nah! Come on, I fixed it  
no thanks anyways  
but but i'm done  
okay but maybe this will  
change your mind, hit it  
first i'm gonna loosen  
up these ancient joints  
no please don't  
i'm sorry i'm sorry  
i'm sorry that I yelled  
it wasn't your fault  
that I almost got killed  
but now you're leaving and  
you won't get on the ramp  
all right I will go just stop  
how do you know Smokey is gonna be here  
i don't  
do you know if he's even alive?  
Nope. Okay  
so tell me this?  
How do you know if it's Smokey  
wait, Mack pull over  
Thomasville speedway  
home of 51 fabulous Hudson Hornet  
good to see you Doc  
hey isn't that your  
old crew chief?  
hey Cruz, do you want to check out the  
home track of the greatest racer ever  
aren't we supposed to  
be looking for Smokey  
oh that's right he is dead

we don't know that  
are you sure you have time for this?  
for this I do  
Piston Cup  
Smokey's garage.  
Wow, if this track could talk  
Cruz, what do you say  
let's take a lap.  
Wow  
yes, you nailed it  
way easy without the school bus of death  
trying to kill us  
yeah, no kidding.  
I've started to think  
i might never meet you  
Smokey!  
He is alive I know why you're here  
you're thirsty  
i'll tell you what  
these folks are gonna get a kick out of  
meeting Huds boy  
who's Hud? Oh, Doc Hudson right  
hey  
act civilized, we got company.  
Would you look at that?  
what?  
three of the biggest racing legends ever  
Jr. Midnight Moon, River Scott ,  
Louise Stormer Nash, she had 38 wins  
well as I live and breathe if it  
ain't Lightning McQueen  
Miss Nash  
it's a pleasure to meet you  
you had a tough year haven't you?  
oh uh....  
shouldn't you be running practice laps  
in Florida by now  
yeah sure bu...  
you're here to steal our secrets  
looking for you lost mojo.  
Wow, you don't mince words  
around here do you  
truth is always quicker, kid.  
But she used to have serious eyes for Hud

oh really  
even if I did it wouldn't have mattered  
Hud didn't like fast women  
and that left me out  
no Lou wasn't just fast  
she was fearless  
the second I saw my first race I just  
knew I had to get in there  
of course the fellas in charge  
didn't like the idea  
of a lady racer showing them up  
so they wouldn't let me  
have a number  
what did you do?  
i stole one..  
what!!  
I still short to take no for an answer,  
right River?  
if we waited for an invitation  
we might have never raced  
and once we got on the track  
we didn't want to leave and  
that's how Doc felt too  
you should have seen him when he first came  
to town  
shiny blue paint  
not just a Hudson Hornet  
he was already Calling himself  
The Fabulous Hudson Hornet  
did we ever ride him on that  
not for long  
Hud was the fastest race of this side  
of the Mississippi, until he wasn't  
what!!  
Everything changed when  
the rookie showed up  
took Hud all at no time to work his way  
through the best racers in both Carolina  
passed River, passed Lou, even Junior  
but there was still the rookie to deal with  
he tried slamming  
him into the wall  
but Hud never touched any wall  
unless he wanted to

that rookie never saw anything  
like that before  
Doc did that!!  
Oh are you kidding  
couldn't wipe the smile off his face  
for a week after that.  
I wish I could have seen him like that  
like what  
so happy  
you didn't come all  
this way for a quart of oil, did you?  
I need your help Smokey  
yeah, what kind of help  
that's just it, i'm not sure  
all I know is if I lose in Florida  
it's it's over for me  
what happened to Doc will happen to me  
what did happen to him  
no, racing was the best part of his life  
and when it ended he  
we both know he was never the same  
after that  
is that what you think  
come on  
i want to show you something  
you got the first part right  
the crash broke Hud's body and the  
no more racing broke his heart  
he cut himself off,  
disappeared to radiator springs  
son-of-a-gun  
didn't talk to me for 50 years  
but then one day  
the letters started coming  
and every last one of them  
was about you  
yeah, Hud loved racing  
but coaching you...  
I had never seen the old grump so happy.  
racing wasn't the best part of Hud's life  
you were  
ready to go out for little carbon air, boy  
yes I am  
give it too much travel

you in the tulip  
hey, Lightning you might  
want to take notes on this one  
you got a lot of stuff, kid  
Hud saw something in you  
that you don't even see in yourself  
are you ready to go find it  
yes sir  
all right, all right

**lesson one:**

i told him that  
he is probably losing his hearing  
he said you're old, I heard him  
you'll never be as fast as Storm but  
you can be smarter than him  
okay what do I do?  
you said you were in a demolition derby..  
yeah it was terrible  
are you sure?  
'Cause there's not a scratch on you  
funny what a racer can do when he's  
not overthinking things  
shannon spokes here at  
Florida international  
Jackson Storm clocked  
214 miles per hour today  
you want to beat the Storm  
you need someone to stand in for  
like a sparring partner  
i'm not so sure I not a racer,  
just a trainer  
just a trainer  
go ahead and gun it  
yeah, with no muffler  
you even sound like Storm  
oh you're going down McQueen  
get that arthritis rail  
keister onto the tracks, so I can  
put you into the old folks  
home against your will  
how is that  
that will work, work for me ,  
i'm good .yeah that will do

what ever she says...  
You didn't show up in Florida  
for qualifying  
so you'll be starting dead last  
i'll give you three  
laps to catch her  
go through the entire field  
in three laps!!  
You wanna beat Storm or not?  
Yes of course I do  
well, then go!!  
Come on, kid  
all right, looks like  
we got some work to do  
look alive..reflexes are  
the first thing to go  
why are we in a field  
sneak through that window  
what is that mean? I don't know!  
Go.  
Not cool man, not cool  
let's roll it back  
do you even want to be out here  
only two days left, yet  
we gotta work harder  
what the hell, who is that?  
I put McQueen in there  
to give you some real competition.  
Hud was a master of letting  
the other cars do the work for him  
he used to say, playing to him is like  
you were two june bugs on a summer night  
he stole that form me  
drafting, i've never had to do that  
yeah that's when you were fast  
now you're slow and old and  
rickety and...  
Okay, okay, I get it  
the new you has to look for  
opportunities you never knew were there  
sneak through the window  
sneak through the window what?  
When a window opens take it  
yes!

I made it  
let's go, let's move  
reflexes!  
Alright Guido, turn up the heat  
okay  
alright, look who finally showed up  
this where we cut our racing teeth  
in the woods  
let's just say the moon  
was always shining on us  
if the moon didn't shine we  
didn't have to... oh, nevermind  
we ran moonshine dummy oh!  
By the way, no lights  
instinct only  
McQueen still not here, didn't he pull  
this when he was a rookie  
this is my grandfather told me  
all right, we got time for one last race.  
Hurry this along boss  
we gotta get you to Florida  
go!!  
Maybe it's best that he doesn't show up  
you know after how last season ended  
let me put it this way  
i'm not losing any sleep wondering  
where Lightning McQueen is!  
Come on! Come on!  
There you go!  
McQueen is fading! McQueen is fading!  
Fading fast!!  
Did you see that?  
That was incredible  
uh, sorry. I didn't mean to  
hey boss, it's time to hit the road  
yeah, I wanna thank everyone for  
the training  
we better get going to Florida  
welcome to racing's greatest day  
we're beachside at the  
Florida international speedway  
to kick off a new season  
of Piston Cup racing  
it's the Florida 500

43 cars in a quarter  
million fans  
await today's intense  
contest of strategy, skill  
but most of all speed. This crowd  
is in for one great day of racing  
i'm Bob Cutlass joined as always by my  
broadcasting partner Darrell Cartrip  
and stat sensation Natalie Certain  
i've never seen the numbers lineup  
for Storm like they do today Bob  
Storm should be ninety six point  
eight percent unstoppable  
well, don't overlook Lightning McQueen  
Whipple Filter  
we've heard stories of the unusual way  
McQueen trained to get here  
now the question is did it work?  
Speed. I am... speed.  
Hey boss, they are calling  
the racers to the track  
Jeff Gorvette, How does  
today's talent stack up?  
Oh I think we're in for a treat  
today these racers  
hey McQueen, win one for us old guys ..  
Will do Jeff...  
Hey guys  
Stickers  
hey Sal,  
are you okay?  
yeah yeah..

listen, you're gonna do great today and  
and no matter what happens  
i'm gonna move on to the next rookie  
and forget I ever knew you

To the future. Hey champ?  
Yeah, to the future.  
Hey... just focus on what  
you're here to do kid  
thanks Smokey.  
Now, go make Hud proud. You got it  
Lightning McQueen is making steady progress  
in the early parts of this race  
it won't be enough to catch Storm  
considered he started dead last  
I don't think he's doing  
half bad out there  
not too shabby  
keep this up you'll finish in the top ten  
top ten is not going to cut it Smokey  
I got to go all the way  
so dig in remember your training  
find Storm and chase him down.  
Oh tell him he has three  
laps to catch me  
Cruz says you've got  
three laps to catch her  
okay. tell her thanks  
Cruz, what are you doing here?  
Oh Mr. Sterling I was just...  
I would like you to head back  
to the training center right away,  
oh! but why? I need you to get Kurt up to  
speed for the race next weekend  
wait, not Kurt he's the bug guy, right  
the other one Ronald..yes  
I want to stay and watch  
that's not gonna happen Cruz  
now go  
but Mr. McQueen still has a chance  
just go do your job  
yes sir

and take off that spoiler  
and those racing tires  
you look ridiculous  
you are a trainer, remember  
not a racer! Not a racer!  
If you were racer, you'd know  
what i'm talking about but you're not  
so you don't  
no no no, she's not a racer  
she's a trainer.  
I wanted to become a racer forever  
because of you!  
It was my one shot and I didn't take it  
it was my one shot I didn't take it  
break in two! Break in turn two!  
Hold on! Hold on!  
Kid, are you okay?

what!  
I started this race and

you're gonna finish it  
what! she will damage the  
brand. She's just a trainer  
no, she's a racer  
just took me a while to see you  
that can't be legal .the rules only said  
the number has to be out there  
doesn't say who has to wear it  
no you can't do that  
hey, did I ever tell you  
how much I love your mud flaps  
get out of my way  
well I got my the facial flaps  
the church flaps  
come on guys,  
we gotta get her out there, let's go  
check fuel! Checked! Ramone!  
Best I could do in the  
time frame boss  
yeah, that'll work  
why are you doing this! You said it  
yourself. This might be your last chance  
which makes it my last chance to give  
you your first chance Cruz  
this time I want you to take it  
she's got a beat that pace car out  
no, no, no, you can't do that.  
Now or never what do you say  
25 miles per hour fits me  
i know that  
Lightning McQueen's team has headed  
a different car supporting the 95.  
I don't believe what i'm seeing  
you're watching this right  
what the girl in the costume  
you're kidding me  
he put her in the race  
the green flag is out  
and we are back to racing  
Cruz, what are you doing?  
Come on, pick it up  
you got to go faster okay  
Call her Francis Beltline and tell her the  
the school bus of death is after her

what! no! Trust me  
Francis Beltline, the school bus of  
death is after you  
oh..., right  
okay, that was different  
Cruz, you are looking too tight now  
come on, loosen it up!  
Tell her she is a fluffy cloud  
what! no! Smokey tell her  
Cruz, you are a fluffy cloud  
oh, right... too tight.  
I am a fluffy cloud!  
I am a fluffy cloud!  
You just pick the turns  
Cruz, get your head in the race  
no, no, no, wait, wait, wait!  
Tell her she's on a beach and all the  
little crabbies have gone night-night  
no ain't saying that  
you tell her  
all right Cruz the beach  
i need you to think of the beach  
Mr. McQueen! Yeah yeah it's me  
remember th beach  
oh, pick a line!  
Stick to it! I got it  
all right, not too bad  
this is nothing like the simulator  
you got every toy in need  
remember Thomasville.  
Thomasville! yeah,  
sneak through the window  
now that, I understand  
sneak through the window.  
I am just learning that the racer replacing  
McQueen is Cruz Ramirez  
this is her very first race  
actually Darrell, it says here she  
does have one win under her belt  
at a place Called thunder hollow  
thunder hollow! Thunder hollow!  
Go low! Go low!  
Nice job, you are smoking these guys  
now, watch the tire marvel's launcher three

keep your tires clean, okay

careful you don't go airborne  
now, yes. Now!  
Watch out by the wall it's a little  
slick there .watch it! Watch it!  
You have hit a wall. You have hit a wall  
haha, just being aggressive

that's it! nice and straight  
go! go! Go!Smokey, are you watching!  
I just want to let you know  
Ramirez is moving up toward you  
why should I care  
because now she's in the top ten  
hey, now you are coming up on the leaders  
Ramirez up the fourth  
in fourth!huh...  
oo hoo. Get it done...  
Ramirez is in the third  
what are you doing Storm?  
Hey, costume girl  
you're at first I thought you were downhere  
because your gps was broken  
don't listen to him Cruz  
you look good  
it's important to look the part that  
you can't have everyone thinking that  
you don't deserve to be here  
just trying to get in your head  
they don't need to know  
what you and I already do  
that you can play dress-up all you  
want but you'll never be one of us  
Cruz, did you see what happened there  
yeah, he's in he's in my head  
no no  
listen to me! You got

into his head don't you understand  
he would never have done  
that if you didn't scare him  
what! he see something in you  
that you don't even see in yourself  
you made me believe it  
now, you gotta believe it too  
you are a racer! Use that!  
How far back is she now?  
Look behind you!  
What! get in it Storm! I am just back  
here travelling at your butt  
nothing to be concerned about  
about two june bugs on a summer night  
hey, Hamilton! Hamilton here!  
How are my speed?  
208 mile per hour, 207 miles per hour  
stop that! You are taking me off the line!  
Ah slap, come on Cruz  
my gps say that I am slow travelling my way  
no no no  
you are not willing to do that!  
You are angry! I am not angry!  
You can use that anger to push through  
i said i'm not angry.  
I don't think so  
Cruz, get out of there!  
You don't belong on this track  
yes, I don't.  
I don't believe it!  
It's Cruz Ramirez for the win  
I didn't expect this  
Cruz Ramirez  
way to go, Cruz  
man, heck of a win!  
Yeah, heck of a win!  
Hey Cruz, you were flying!  
Thanks  
you really had it roll today, that was cool  
thank you  
hey Cruz, your blinkers are on.  
It is? You got me! Very funny  
go ahead...Get them some smoke  
you'll get used to that

come on, move it! Move!  
Cruz, I knew you  
had something and now look at you  
a winner. I could use you  
as a racer on our team .we...  
Sorry Mr. Sterling, I would  
never race for you. I quit  
well then race for me  
Tex, Miss Cruz I would be tickled pink  
to have you race for team dinoco  
as you know we have a long history  
of great racers  
except for the Cal  
oh guys, I am still right here  
team dinoco Cruz! Hire her  
i don't care  
Lightning now that you're retired, i  
need your first thing monday morning  
for a photo shoot  
yeah all right Mr. Sterling  
oh, hang on now  
what! why is my name up there!  
You've started the race  
that's how it works  
wait! what! We will, no!  
If Lightning McQueen wins, he decides  
when he's done racing that was the deal  
hi i'm Miss... that was the deal  
you are not a nice guy little  
look sir, I gotta say, you make a  
quality mud flap in an affordable price  
hey Sterling, why don't you and  
I take a drive and talk...  
billionaire to billionaire  
kids got a lot of stuff,huh Doc?  
well she had a great teacher  
and now you get to decide  
when you're done racing  
so what's it gonna be stinky uh Stickers  
i'm gonna keep racing but before that  
i have something I want to do  
welcome all to historical Willy's Butte  
for today's great exhibition of speed  
thanks guys

nice paint, kiddo  
hey hey, coming through  
get it done 51!  
Great number  
it was McQueen's idea  
he felt Hud would've wanted you to have it  
I love it oh it's perfect it's very  
old-school  
did someone just say old school!  
Fabulous McQueen  
to Doc Hudson  
you are trying something new  
i like it.  
Wow subtle! I figured if i'm gonna be  
your crew chief i'd better do it in style  
what's Mr. Sterling gonna say  
i'm actually more worried about what Tex is  
gonna say considering he bought Rusteze  
thanks Tex!  
I made that Sterling fella  
a Texas-sized offer  
so, ready to start training! I don't know  
you ready to lose again.  
Oh, I hope you got your fluffy cloud  
I hope you got your drip pan!  
I got my drip pan and  
i'm taking my nap  
bring it on old man..  
Luigi!  
Go!
